**Endorsement #15) Claims Made Disclosure Statement – New York**

**Endorsement #16) Fungus Exclusion**

**Endorsement #17) Transportation Of Materials By Insured**

Copy of original application is attached and made a part of the policy as well.

**Other forms:**

➤ Important Notice - Service of Suit

With regard to the request made by Sheila Iray Travis as respects Endorsement #17, please note that we were able to finally have the carrier endorse the policy providing coverage for transportation of materials by the insured at no additional premium and therefore would gain no advantage by removing the endorsement.

As discussed at the time of the renewal placement, there are several changes in this year's policy compared with last year. As with any insurance policy, there are exclusions and coverage limitations. We ask that you also review the policy and contact us with any questions you may have in order to avoid any misconceptions of coverage.

We thank you again for allowing us to be service to you and we look forward to any questions and or comments you may have.

Sincerely,

Susan M. Vetter  
Vice President  
Environmental Practice Group
